

# Rise

## Routines

Easily set alarm routines to activate functions of the bed. Rise to Wake gently elevates your head at a set hour, while Rest & Unwind prepares your bed for evening.

## In-App Remote

For convenience you can control your bed using the app on your smartphone, instead of the wireless remote.

# Shine

## Sleep Data

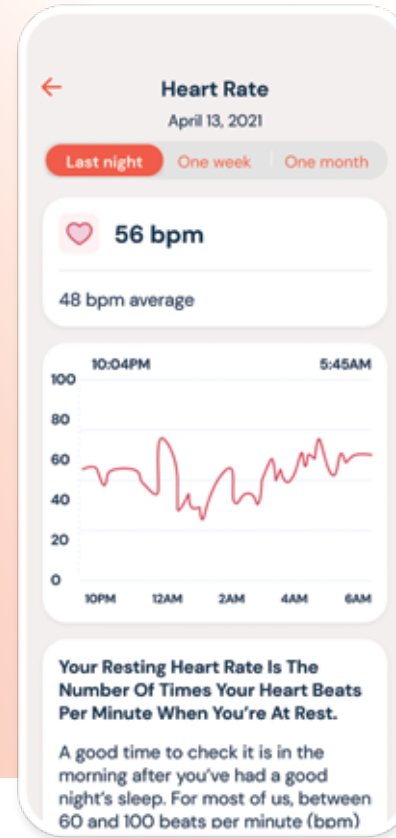

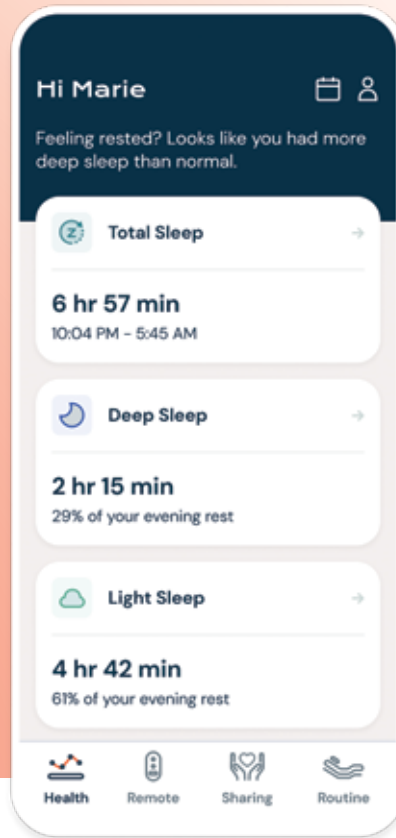

Your homescreen shows a snapshot of your sleep data, and the amount and type of sleep.

## Health Monitoring

Tracking heart rate, heart rate variability and respiratory rate allows you to gain useful health insights.

## Tapping into the Dawn House Sleep App

Accessible from your smartphone or tablet, your health metrics are easily visible in the Dawn House app. Share health reports, customize bed settings and make bed adjustments with the in-app remote.

Rise to Wake

Underbed Lighting

Adjustable Bed Height

Anti-snore Feature

Health Sensors

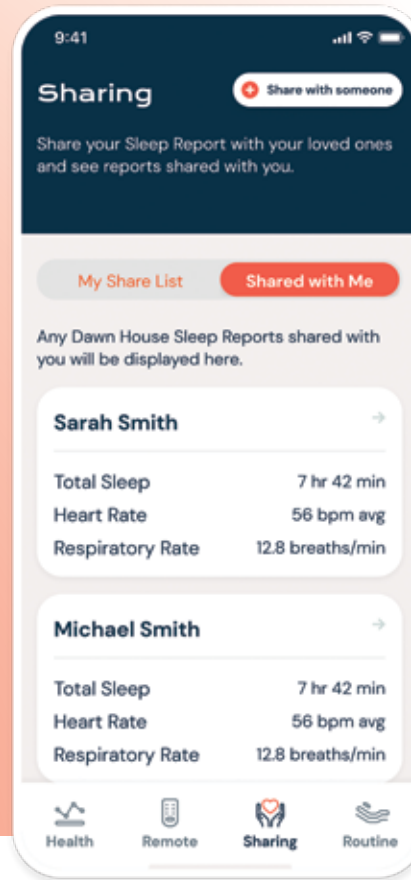

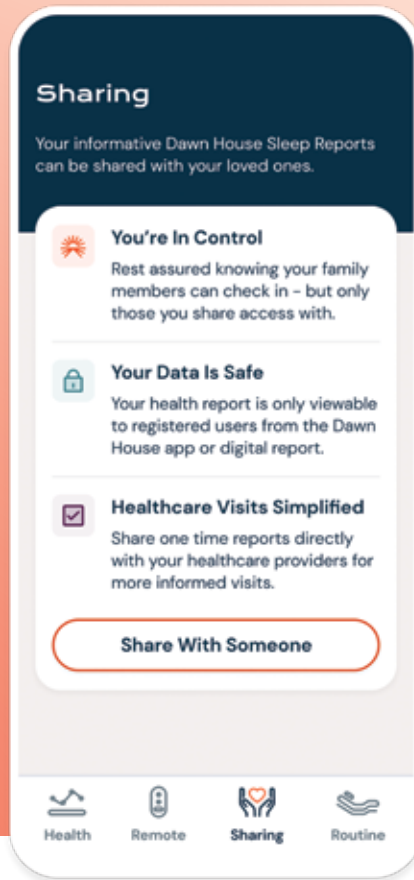

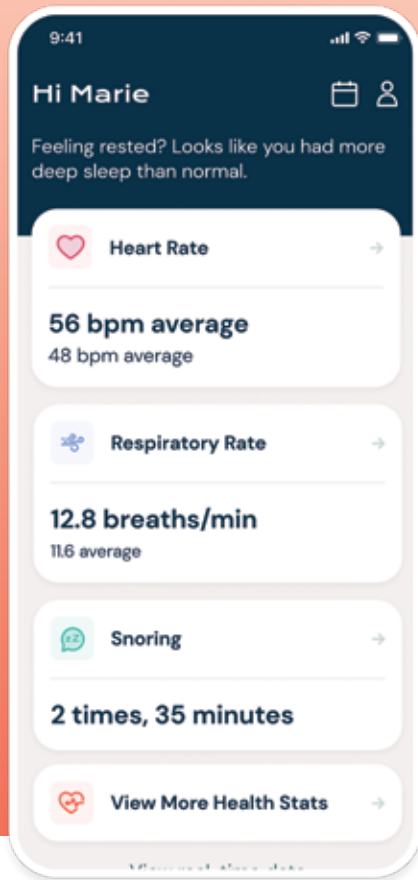

# Thrive

## Health Metrics

In addition to tracking heart metrics the sensors also inform you of snoring, movement, and more.

## Sharing

The app allows you to share your sleep reports and health metrics with a loved one receiving weekly reports or sharing a one-time report with your physician.
